BIOSKATCH

YEARS OF GRADUATIONS AND ACADEMIC ELECTIONS - 1967 - 2017

1967 – graduated Primary school in Gracanica

1971 – graduated Gimnasium in Gracanica

1976 – graduated at Faculty of medicine, University of Sarajevo

1978 – graduated Postgraduate study at Faculty of medicine, University of Sarajevo

1981-1982 – graduated a part of specialization of Community medicine and Health Information Systems at London School of Hygiene and Tropical Medicine in London, London, UK

1982 – graduated specialization of Social medicine and Health Care Organization at Faculty of medicine, University of Sarajevo

1982 – elected as Research assistant of Social medicine and Health care organization at Faculty of medicine, University of Sarajevo

1985 – earned Master thesis at Faculty of medicine, University of Sarajevo

1988 – elected as assistant of Social medicine and Health care organization at Faculty of medicine at University of Sarajevo

1989 – elected as professor of Medical Deontology and Health Education at Nursing College, University of Sarajevo

1990 – earned Doctoral thesis at Faculty of medicine, University of Sarajevo

1991 – elected as assistant professor of Social medicine and Health care organization at Faculty of medicine, University of Sarajevo

1992 – elected as assistant professor of Medical informatics at Faculty of medicine, University of Sarajevo

1994 – elected as associate professor of Medical deontology; Health education; Social medicine; and Medical informatics at Faculty of Health Sciences, University of Sarajevo

1994 – elected as associate professor of Medical informatics at Faculty of medicine, University of Sarajevo

1996 – notified diploma of MD at Faculty of medicine, University of Innsbruck, Austria

1998 – elected as full professor of Medical informatics at Faculty of medicine, University of Sarajevo

2002 – elected as full professor of Family medicine, Faculty of medicine, University of Sarajevo

2005 – elected as full professor of Medical informatics; and Family medicine at Faculty of Health sciences, University of Zenica

2011 – elected as full professor of Social medicine, Organization and Health economics at Faculty of Health sciences, University of Zenica

2011 – elected as full professor of Health Management Quality at Dubrovnik International University, Dubrovnik, Croatia

2012 – elected as full professor of Health management at Faculty of Health sciences, University of Zenica

BIOGRAPHICAL DATA

Izet M. Masic, MD, MSc, PhD, FEFMI, FACMI, MIAHSI (1952-) was born in Gracanica, Bosnia and Herzegovina (B&H). He is pioneer of Medical informatics in B&H and Balcan countries as first MD who earned MSc and PhD in Medical informatics field. He graduated at Faculty of Medicine of Sarajevo University in 1976 and notified his medical diploma at Faculty of Medicine at Innsbruck University (Austria). He was a postgraduate student at London School of Hygiene and Tropical Medicine in 1981/1982. Title of his MSc thesis was "Evaluation of Information system of family health" and PhD thesis "Evaluation of computerized information system in Primary medical care", both earned from Faculty of Medicine, University of Sarajevo in 1985 and 1990. After specialist's exam in 1982 he worked as physician in Health center in Sarajevo and research assistant of Social medicine at Faculty of medicine, University of Sarajevo. He became lecturer at Nursing college in 1986 and in 1989 he has been elected as professor at the same institution.

Izet Masic has been elected as assistant professor of Social medicine and Health Care Organization at Faculty of medicine, University of Sarajevo in 1991. In 1992 he established Cathedra for Medical Informatics at Faculty of medicine of University of Sarajevo and has been elected as assistant professor in 1992, associate professor in 1994 and full professor in 1998 at that Cathedra. In 2002 he established Cathedra for Family medicine at Faculty of Medicine of University of Sarajevo and has been elected as full professor. In 2011 Izet Masic has been elected as full professor of Social medicine, Organization and Health economics at Faculty of Health sciences, University of Zenica. In the same year he became full professor of Management in Quality of Health at Dubrovnik International University (DIU). In 2012 he has been elected as full professor of Health Management at Faculty of Health Sciences of University of Zenica. As

author and co-author prof Izet Masic published one thousand different publications, mostly of them in peer reviewed indexed medical journals, including more than 70 books and monographs. Izet Masic has been Editor-in-Chief of 6 indexed medical journals and member of Editorial boards of more than 20 international peer reviewed medical journals. In the year 2009 Izet Masic formed Academy of Medical Sciences of B&H and became first President of Academy. He established Society for Medical Informatics in B&H in 1988. In 2000 he has been Founding member and Vice-President of Association of Social medicine - Public health of FB&H. Izet Masic is member of Council of EFMI (1994-present), General Assembly of IMIA (1994-present), International Society for Telemedicine & eHealth (2005-2012), Governing Board of European Association for Public Health (EUPHA) (2000-present), and European Association of Information Technology Managers (2007-2015). From 2012 to 2015 he has been member of Council of Eu-

ropean Association of Science Editors (EASE). In the year 2016 Izet Masic has been elected as Honorary Fellow of European Federation for Medical Informatics (EFMI) and Fellow of American College of Medical Informatics (FACMI). In 2017 he has been elected as Founding member of International Academy of Health Sciences Information (MIAHSI). Prof Masic has organized over 50 scientific and professional conferences and among those 10 during the war time in Sarajevo.

Prof Izet Masic was pioneer of development of Distance Learning in Medical Education in SouthEastern Europe (Cantonal and Federal Governmental project - 2002-2007). Izet Masic chaired 22nd European congress of Medical Informatics (MIE2009) held in Sarajevo. He received a lot of domestic and international awards. He was actively involved as speaker and session chairman at various conferences worldwide in the fields of Public health, Medical informatics, Family medicine and Science editing.
